Note from Pastor Heidle

January 2019

“Let Our Gladness Banish Sadness”

Dear Friends of Immanuel,

Almost anyone surveyed would state that Christmas is *the most wonderful time of the year*; and yet ... the bumps and grinds of life often leave people rather glum, or even *blue* this time of year. One of the NEW hymns in our hymnal stands out as an encouragement to “*Let Our Gladness Banish Sadness*”! {LSB 371}

First, please know: we’re not pretending that a hymn can make a grieving person happy with glee or giddiness; no way! Nor should it! Nor should we want it to!! No, this hymn, like the Nativity Gospel, is not about a mere emotion; it is about much more!

Second, I, for one, look forward to a Children’s Nativity program built on this hymn—it would sound awesome sung by a children’s ensemble or solo! The tune is a sweet, flowing tune called Bohemian (not Rhapsody!).

Sing the first stanza! The opening line lets us know it’s not about one’s personal emotion, it is about the message that banishes the sadness of all creation!

(i.e. sin) God loved (favored) the world so much that He gave His eternal Son, born in a stall, to banish the sadness of sin. Yes, that baby in the manger is the Lord of all. The Lord—the one bigger than all your problems and sorrows. This is why all our best Christmas traditions and practices lead us to the manger.

Sing the second stanza! The birth of Jesus was the most anticipated and expected event ever! The heavenly host of angels had the joyous honor of announcing that the time had come for Jesus to be born – just as was promised. And the angels sang the message not to the elite of society, but to the humble shepherds (the outcasts of society; the *throw-away* people). Note the emphasis that we today have the great honor of joining the angels in telling the good news of Jesus to others!

Sing the third (*the final*) stanza! *Child appealing*, this is the One who would draw all men unto Himself when He was lifted up from the earth (cross). Yes, Jesus is the One who brings true Light and lasting pleasure (eternal life in heaven)—and don’t ya just love how He is called Mary’s Son and Heaven’s gift and treasure (a vivid expression for True Man and True God in One Person)! Yet this almighty, all-powerful God chooses to call us ‘friend’ (see John 15) and *bends near* to dwell and abide with us, God with us! He comes bringing blessings that will embrace and caress us forevermore!

The reality is that we walk through the valley of the shadow of death; and singing a hymn won’t take our grief away; but the joy sung by angels at Jesus birth, to which we join our voices, reminds that the good Lord is truly *with us* – *God with us* – every step of that valley, leading us to the manger ...and to heaven!

Sing this hymn often in your personal devotions, whether your Christmas celebration is blue, or red and green. And sing it with us in worship as we continue to celebrate Immanuel – *God with us!* *With enduring joy,*

Pastor Michael K. Heidle

LESSONS IN WISE FAITH: *"The Magi teach us true faith,"* said Martin Luther. Given the obstacles they encountered, we would understand if they had given up altogether! First, the travelers were off the mark, coming to Jerusalem to seek a newborn king in a royal palace. Then, directed to Bethlehem, the wise men found a sight so utterly out of keeping with a king — a poor young woman and child, in a poor hut — that one might expect them to head straight home. *"But,"* declares Luther, *"with a great, strong and full faith they ... follow the word of the prophet and the witness of the star in all purity of heart,"* bowing to worship and honor the Savior.

Based on Luther's sermon for the Festival of the Epiphany (1522), Luther's Work

CENTRAL IL DISTRICT MISSION STORY:

For Kathryn, it is *all in the family!*

She graduated in Elementary Education from Illinois State in 2014, then completed a two-year colloquy through Concordia University Chicago in 2017, the same year she married her husband J. B. Bruntjen. Now Kathryn serves the Lord as a kindergarten teacher at Zion Lutheran School in Lincoln, the school she herself attended. Going back to teach there was like returning to home and family.

On the subject of family, Kathryn's parents David and Stephanie Opperman had preceded her, both in attending ISU and in worshipping at Wittenberg Lutheran Center. Also, her two younger siblings have followed her to ISU and Wittenberg. All in the family!

Is there any wonder that Kathryn likes 3 John 4, "*I have no greater joy than to hear that my children are walking in the truth*"? This passage comes to her mind when she reflects on her own experience with campus ministry. She says: "*If we, as instruments of Christ, are seeking to affect the lives of many and win souls for the cause of the Gospel, campus ministries are a wonderful space to present the Gospel and offer students hope and truth.*" Campus ministries form the front lines in a battle for the hearts, minds, and souls of students.

Kathryn adds that Wittenberg was "*where I knew the Word of God would be taught in its truth and purity ... where myself and other students could discuss current events and life issues at Bible studies, surrounded by nurturing friends, the Pastor, and the Deaconess.*" Here was a family where she knew God as her Father and Jesus as her Brother through the power of the Holy Spirit.

The Lord used your congregation's gifts to the Central Illinois District to put Wittenberg Lutheran Center in place and maintain its ministry, for folks like Kathryn. *Thanks!*

WOMEN'S GUILD: The **Jan. 8** meeting is a luncheon meeting beginning at 11:30 am. Please bring a dish to share. Our hostesses, Sharon Crow and Loretta Reifsteck, will provide dessert and table ware. We will discuss the bazaar among other items. Hope to see you there! Mite Sunday is **Jan. 6**.

Our January lessons are about God's prophet Elijah. We will study the account of Elijah being fed at the Brook Cherish, as well as the showdown with the prophets of Baal at Mount Carmel. Children will see how God pours out His everlasting love for us and is with us, even when everything seems against us. God says, "*Fear not, for I am with you; be not dismayed, for I am your God.*" (Isaiah 41:10)

AROUND THE CLASSROOM

Danville Lutheran School

January 2019

Mrs. Connie Marxman-Preschool 3/4

After Christmas break, we are going to get more involved with indoor and outdoor science activities. We are going to turn on our observation skills, critical thinking skills, and experimenting skills by exploring more of our natural environment. These science experiments encourage exploring with our senses. We will use sight, sound, touch, smell, and sometimes even taste during hands-on, visually engaging play opportunities! During Jesus morning devotions, we look at how Jesus grew in age and height, just like us. He learned from God's word, just like us and He used that knowledge to tell how much God loves everyone; just like us!

Mrs. Tabby Hammer-Preschool 3/4

The preschool class will be learning about the winter season and snow after Christmas. We will be able to answer the following questions by the end of January: What causes it to snow? How does snow form? What is a snowflake? We will continue to learn the letters of the alphabet. This month we are focusing on the letters O, P and Q. We want to wish everyone a Happy New Year!!

Mrs. Sue Heidle-PreKindergarten

Happy New Year from the Pre-K class. We start the New Year with a Snow Unit. We will put paper snow in our sand table and paint with colored ice cubes and make borax ice crystals. We did a unit on hibernation and have bears hibernating in a cave we made out of a box. We will wake them in the spring. In Jesus Time, we will talk about Epiphany and Anna and Simeon. We continue working on our letters of the week and really enjoy playing rhyming games. Have a Blessed 2019.

SPECIAL SCIENCE EDITION

Mrs. Penny Tibben-Grades 3/4

Science is a subject both third and fourth graders share jointly. They have examined a variety of natural resources and studied the layers of soil. After looking at the importance of water, Aqua Illinois was the recipient of our written paragraphs of thanks for water purification. Both grades will now be looking at the impact they have on their environment and how those resources God has given us can be used more wisely to serve one another. New Year's greetings from grades three and four!

Mr. Dan Yagow-Grades 5/6

In science class, we have recently learned and applied Newton's first three laws of motion: 1) inertia, 2) acceleration, and 3) action-reaction. These laws required our understanding of speed, velocity, acceleration, momentum, friction, and gravity. Several students succeeded in launching a balloon rocket that went nearly fifty feet demonstrating the Third Law of Newton action-reaction. Every student was successful in pulling a paper out from under a stack of quarters to prove the

First Law of Newton inertia. In the month ahead, we will be shifting to earth science beginning with the rock cycle and the processes that change rocks. Later in the month, we will move to fossils. Here we will interpret the layers of the earth from a Biblical worldview and make application of the fossil graveyard we have today as left behind by the Great Flood in Genesis. Have a blessed new year in 2019

Mrs. Kim Wright -Junior High

In January, grades 7/8 take an in-depth look at the cell cycle, mitosis, and the modern usage of stem cells. How should Christians view stem cell research? Students will master unit concepts using Powerpoints, digital interactives, creating mitosis cycle flipbooks, taking notes, constructing what we call "flashbooks", and lab activities. During the unit, students will grow bacteria from swabs taken around the school building, follow a viral outbreak to its source, and test the effect of disinfectants on bacterial growth. We look forward to a new calendar year and the blessings God gives to each of us.

KINDERGARTEN

Mrs. Marah Showers

Our New Year will begin with a science unit on hibernation. We will be learning about which animals hibernate, where they go, and why they do so. This unit will introduce a multitude of new vocabulary words, and also allow us to do different experiments on conserving energy, heartbeat, and body temperature. When we finish up our hibernation unit, it will lead us right into our unit on weather and seasons. Our kindergarten class wishes everyone a blessed new year for 2019!

GRADE 1

Mrs. Sara Fauser

First graders are so excited to learn about the solar system! The first graders will learn all about astronauts and how they survive in outer space. We will even get a chance to write to an astronaut. After we learn about our solar system, we will come back to earth and explore natural resources. We will learn all about different rocks and how they are used in our world today. We will then begin our unit about seasons and weather. Happy New Year to all!

GRADE 2

Mrs. Katie Rouse

We will start off the New Year learning about Earth Science. We will explore Earth's surface, learn about natural resources, different types of weather, and the solar system. Earth's surface is made up of many different materials that can change over time. Earth has many natural resources that help us. It is important to protect them to make them last. Weather can be observed, measured, predicted, and compared. Changes happen on Earth and in the sky from day to night and from season to season.

January 2018

January 6 (Ephesians 3:4-6) “The Mystery of Christ Made Known”

Rev. Thomas Eggold, Emmanuel Lutheran Church~Fort Wayne, IN

The mystery of Christ is the inclusive and universal message that Jesus Christ entered our humanity, lived a perfect life under the Law, died on a cross for the sins of the entire world and was raised from the dead, conquering death and giving all of humankind the certain promise of everlasting life. This is the Gospel that the Church has been commissioned to communicate!

January 13 (Luke 3:21-22) “Baptized Into Christ!”

Rev. Shayne Jonker, Faith Lutheran Church~Roanoke, IN

“For if we have been united with Him in a death like His, we shall certainly be united with Him in a resurrection like His” (Romans 6:5 ESV). This morning we celebrate the Baptism of our Lord in the Jordan, God in the flesh, and so also we celebrate our Baptism into Christ. What a great comfort in the midst of temptation and trial, sin and death, and every distress that we can say to ourselves, “I am baptized into Christ!”

January 20 (John 2:1-11) “Manifesting His Glory”

By Rev. Paul E. Shoemaker, Emanuel Lutheran Church~New Haven, IN

We remember weddings as special, happy occasions. At the wedding at Cana, the unthinkable happened. Who would step in and save the day? Jesus has done much more than saved a wedding at Cana.

January 27 (Nehemiah 8:1-10) “Read It and... Rejoice!”

By Rev. William Mueller, Suburban Bethlehem Church~Fort Wayne, IN

In the dark days after the exiles returned from captivity in Babylon, the Word of God was rare. Ezra, the priest, reads and applies God’s Word and the people respond with repentant weeping and abiding faith. The Word of God still has that same power for us – so we are invited to read it and rejoice!
